

Faced issues with shipping & No trustable solutions from the shipping company?

The Vessel we booked has shifted our cargo and we were not informed about it!!

Booked ship has not arrived?

We booked on less freight and the vessel was not placed!

The ship owner is asking us to pay extra money! He says that our cargo is not to specification!!

The ship we booked is running late!! Our company operations are halted because we can't function without the equipment!!

The ship was loaded within the Laycan, but why has the cargo not reached the discharge port??

Your problems stop at INMAR

How can the vessel we booked change the port rotation? Why has there been a deviation of the cargo?

One-stop-solution for all your shipping needs
